🎓 EDUCATION

B.TECH - JNTUH
Siddhartha institute of Engineering & Technology (ECE)
2019 - 2023

INTERMEDIATE - TGBIE
New science junior college (MPC)
2017 - 2019

👤 SUMMARY

 As a Fresher, I bring a lot to the table in terms of skill and ability. Being a Developer I am so exiting to conquer the computer aided side of the world. I am very good at developing the applications in Accountancy to the Real-Time Test cases with expected time complexity. and which probably habituated me to the 'code ones and Do not change again' style, deserved by today's I.T era.

💡 SKILLS

Java, C and Basics in Python

Spring Boot and Microservices

oracle, MySQL, HTML & JS

MS Office, GIT, Maven, Gradle, JENKINS, Docker

🎯 ACHIEVEMENTS

I got the National Level Certificate in essay writing on Nature Protection.

I participated in local B.Tech level Hackathon and conceded the First position in Poster presentation.

I got the Best Coordinator Badge for organising Sport Event in my college.

💼 PROJECTS

EMPLOYEE & COLLEGE MANAGEMENT SYSTEMS

I developed the 'Employee Management System (EMS)' using Spring Boot modules. and I also developed 'College Management System' in MicroServices Architecture using spring web and cloud. By applying Hibernate validations, Bootstrap styles.

ADVANCE JAVA PROJECTS

As a part of my course practice I have developed the some Mini Projects. 'User_App' & 'Product Store' Applications using Servlets And JSPs components of Advance Java.

INDUSTRY LEVEL BASIC "BANKING PROJECT"

In this standalone project I developed Multi-threading code for Account opening, Deposit , Withdraw and Balance Enquiry operations and I serialized the data to Oracle Database.

COURSES & CERTIFICATIONS

Passionately completed the Java full stack web development full time course with high course profile maintenance in Naresh IT, Hyderabad.
